

## Soft Raised Toilet

Product Code: YDL602

This 100mm (4") high raised toilet seat provides a soft and comfortable seating position.

Made of a high density foam, covered in vinyl, the seat is secured to a standard toilet seat by 4 velcro straps.

Although this is made from a high density foam, there will be some compression of the foam reducing the height. This may not be suitable for those who require a specific height adjustment for there toilet seat.

### Specifications
